

CAR DROP OFF IN THE MORNING Effective 9/4/01

**DIRECTIONS:** Enter driveway & follow all away around past trailer to first stop cone. All children **MUST** exit from the passenger side for safety. Children will walk directly into side door of school which will be unlocked as of 7:30 a.m. No child should be left off outside the cones for their safety and it does slow down traffic flow. All parents must stay in their cars. Getting out of line or waiting backs up traffic. When cars move from between cones, the next set will move up—reason for all to stay in cars. Children should be ready to exit cars as soon as they are safely stopped. As soon as your child has closed door, please proceed to exit the lot so that others may get their children in on time. In the past this has made others late. This is the only drop off area in the morning. The front of the building is for the buses and at no time should anyone be dropping off their children at the top of the pre-school driveway. This procedure is for the safety of your child. Thank you for your cooperation in this safety matter.
